ILLINOIS CRIMINAL JUSTICE INFORMATION AUTHORITY 2013 ANNUAL REPORT

Illinois Criminal Justice Information Authority

To the Governor and the Honorable Members of the General Assembly:

Jack Cutrone

On behalf of the members and staff of the Illinois Criminal Justice Information Authority, I am pleased to present the ICJIA Fiscal Year 2013 Annual Report. This report features the Authority's work in Illinois criminal justice policy and planning, grants administration, research, and information systems development during the fiscal year.

ICJIA administered five state and 13 federal grant programs in FY13, including Adult Redeploy Illinois, the Edward Byrne Memorial Justice Assistance Grant Program, Victims of Crime Act, and programs that address at-risk juveniles, decrease DNA backlogs, and assist women and children in need of domestic violence and sexual assault services across the state. Staff processed 355 individual grants with \$51.2 million in disbursements for the fiscal year.

The Adult Redeploy Illinois (ARI) program saw significant growth and expansion during the fiscal year. The prison diversion program serving non-violent offenders now operates in 18 sites, with 19 programs across 34 counties. Each individual diverted from prison through ARI represents significant potential cost savings—an average ARI intervention costs about \$4,400 while the per capita cost of one year of incarceration is \$21,500. With 1,376 total diversions since the program's inception in 2011, the state has seen an estimated \$23.5 million in correctional savings.

An ARI program evaluation also is under way. ICJIA researchers are tracking the ARI policy implementation process, guiding development of performance and outcome measures, and providing other relevant technical assistance toward insuring the program model aligns with the Crime Reduction Act. Researchers will analyze program data collected by the local jurisdictions to measure progress toward performance and outcome measures. The evaluation will include ARI staff, stakeholder, and client interview data. The results of the evaluation will be used to enhance and improve ARI.

Researchers also are evaluating St. Leonard's House and Grace House, two offender reentry programs run by St. Leonard's Ministries. These programs provide housing for adult men and women exiting prison. The evaluation will identify program components that are effective in contributing to successful client outcomes with staff and client interviews, field observations, and outcome data. This information will inform policymakers about the potential benefit of long-term, structured re-entry programming for formerly incarcerated men and women.

In addition, researchers continued a collaboration with Loyola University Chicago and the WestCare Foundation in FY13 to initiate and examine mental health, trauma exposure, and post-traumatic stress disorder among males in substance abuse programming at the Cook County Jail. A survey will be distributed to detainees in Cook County Jail participating in the WestCare Foundation's Impact program.

Finally, ICJIA's website, www.icjia.state.il.us, continues to be a frequent destination of criminal justice professionals, educators, and members of the public. More than 260,000 individual users visited the site during the fiscal year, with over 2.2 million downloads recorded.

We look forward to continuing our partnership with the criminal justice community, the legislature, and the general public in fulfilling our mission of improving the administration of criminal justice in Illinois.

Mission

Created in 1983, the Illinois Criminal Justice Information Authority is a state agency dedicated to improving the administration of criminal justice.

The Authority brings together key leaders from the justice system and the public to identify critical issues facing the criminal justice system in Illinois, and to propose and evaluate policies, programs, and legislation that address those issues. The agency also works to ensure the criminal justice system in Illinois is efficient and effective.

The Authority's specific powers and duties are detailed in the Illinois Criminal Justice Information Act [20 ILCS 3930 *et. seq.*].

The statutory responsibilities of the Authority fall under the categories of grants administration, research and analysis, policy and planning, and information systems and technology.

Grants administration

In the area of grants administration, the Authority:

- Implements and funds criminal justice and violence prevention programs under the Victims of Crime Act, Edward Byrne Memorial Justice Assistance Grant program, Adult Redeploy Illinois, and other state and federal grant programs.
- Monitors program activity and provides technical assistance to grantees.
- Provides staff support to the Illinois Motor Vehicle Theft Prevention Council, an 11-member board working to curb motor vehicle theft.

Research and analysis

In the area of research and analysis, the Authority:

- Publishes research studies that analyze a variety of crime trends and criminal justice issues.
- Acts as a clearinghouse for information and research on crime, crime trends, and the criminal justice system.
- Audits the state central repositories of criminal history record information for data accuracy and completeness.

- Provides or directs partners to technical assistance opportunities.

Policy and planning

In the area of policy and planning, the Authority:

- Develops and implements comprehensive strategies for a coordinated response by the various components of the criminal justice system for crime prevention and control, and assistance to crime victims using federal funds awarded to Illinois.
- Advises the Governor and the General Assembly on criminal justice policies and legislation.
- Convenes groups of policymakers and practitioners to identify and address ongoing concerns of criminal justice officials.
- Develops and evaluates state and local programs for improving law enforcement and the administration of criminal justice.
- Participates in initiatives that improve the impact and cost effectiveness of the criminal justice system.
- Identifies and provides information about evidence-based and promising practices for implementation by policymakers and practitioners.

Information systems and technology

In the area of information systems and technology, the Authority:

- Designs, develops, and supports systems which enhance the quality of victim service data.
- Serves as the sole administrative appeal body for determining citizen challenges to the accuracy of their criminal history records.
- Monitors the operation of existing criminal justice information systems to protect the constitutional rights and privacy of citizens.
- Supports the development of an integrated criminal justice information network in Illinois.

Authority Values Statement

The Illinois Criminal Justice Information Authority is dedicated to improving the administration of criminal justice in the state. The Authority works to identify critical issues facing the criminal justice system and proposes legislation, programs, and policies that address those issues. The Authority also strives to ensure the criminal justice system is as efficient and effective as possible. Authority staff are guided by the following values as they work to fulfill this mission.

Integrity

We believe in personal and professional integrity. We take pride in the Authority's mission and in maintaining and building on the agency's reputation for producing high quality work that is accurate, honest, fair, timely, and ethical. To that end, we will conduct our activities and ourselves in a manner that earns the public's trust and inspires confidence in our work. We will seek to encourage public feedback on our activities and public participation in planning activities and meetings.

Leadership

We are committed to supporting and developing staff leadership at all levels. Authority managers should lead by supporting innovation and by providing purpose, direction, example, and motivation while working toward the Authority's mission and improving the Authority. Our staff is encouraged to exercise leadership in motivating subordinates, coworkers, and/or supervisors to accomplish the Authority's mission and to adhere to the values established by the Authority. When appropriate, the Authority, as an organization, should assume a leadership role in the criminal justice system.

Diversity

We believe in an environment that supports and encourages a diverse workplace. We are committed to creating a comfortable and effective work environment; building rapport between people who are culturally, racially, and by gender different; utilizing the diverse ideas and experiences of all people in the workplace; supporting the right of every individual to be treated with fairness, consideration and respect; and enhancing our organizational culture by continuously improving human resource practices so that all staff feel welcome, their differences are valued, and they are supported in their work.

Professional development

We believe the most important asset of the Authority is its staff, and believe in giving each employee a chance to realize his or her fullest potential. We are committed to enhancing and expanding the skills, knowledge, and expertise of our staff. Therefore, we will work to meet training needs and promote individual as well as collective career enhancement.

Public service

We recognize that as a government agency, we serve the public. We understand that our purpose is to serve the best interests of the public. To maximize the use of public funds in support of our mission, we will strive to operate in a cost-effective and efficient manner, and support programs that operate in such a manner. We acknowledge our responsibility to disseminate information to maintain our accountability to the public.

Respect

We are committed to cooperation and teamwork and will keep the value of those with whom we associate, inside and outside of the Authority, at the forefront as we pursue the Authority's mission. We will strive to treat others with consideration, common courtesy, and dignity.

Teamwork and collaboration

We value teamwork and collaboration. We seek an atmosphere where individual talents and organizational expertise are combined to achieve successful outcomes. Internally, we will foster shared participation, responsibility, and recognition among staff at all levels and across functional units. Externally, we will facilitate constructive relationships among policymakers, criminal justice agencies, and stakeholders throughout the criminal justice system.

Excellence

We believe all our work must be of high quality. That is, it should be useful, informative, timely, complete, accurate, cost effective, objective, free from bias, accessible, and reflective of the best professional practice. We also believe that the work of any one staff person reflects upon the work of the entire Authority. We expect all staff members to generate high-quality work products.

Composition and membership

The Illinois Criminal Justice Information Authority is governed by a 25-member board of state and local leaders in the criminal justice community, and experts from the private sector. The Authority is supported by a full-time professional staff working from the agency's offices in Chicago and Springfield.

The Authority is led by a chairman, who is appointed by the governor from among the board's members. The Authority is required to meet at least four times a year.

Authority members set agency priorities, track the progress of ongoing programs, and monitor the agency's budget. By law, the Authority includes:

- Cook County Board President

- Two state's attorneys (Cook and another county).

Authority members include:

Peter M. Ellis, Chairman

Peter M. Ellis is an attorney in private practice focusing in the area of commercial and business litigation, and advising clients concerning a wide variety of business related disputes and transactions. His practice includes the representation of national and multi-national clients in the areas of franchise,

licensing and distribution, product liability, unfair competition, trademark, and trade secrets and other intellectual property claims. Mr. Ellis' experience includes litigating complex commercial matters including class action lawsuits and arbitration proceedings, as well as white collar and other criminal defense representation. He is a partner in the Chicago office of Reed Smith LLP. Prior to joining Reed Smith, Mr. Ellis served in several leadership roles as partner in the Chicago office of DLA Piper LLP (US). Mr. Ellis also served as a judicial law clerk for the Hon. Algenon L. Marbley in the U.S. District Court for the Southern District of Ohio. Mr. Ellis commits a significant amount of his time to civic and charitable boards as well as to various pro bono activities.

Anita Alvarez, Vice-Chair

Anita Alvarez was sworn in as Cook County's first female and first Hispanic state's attorney in December 2008. Ms. Alvarez began her career in the Cook County State's Attorney's Office in 1986 and steadily worked her way up through the ranks, handling hundreds of felony cases ranging from homicide, narcotics, armed robbery, criminal sexual assaults, and domestic violence. She has argued before the U.S. Supreme Court, Illinois Supreme Court, and Illinois Appellate Court, and tried more than 50 felony jury trials. Prior to her election as state's attorney, Ms. Alvarez served as chief deputy state's attorney; chief of staff to the state's attorney; chief of the Special Prosecutions Bureau; deputy chief of the Narcotics Bureau, and supervisor of the Public Integrity Unit. She also spent more than three years in the Gang Crimes Unit where she prosecuted gang-related homicides. Ms. Alvarez is past president of the Chicago Bar Association.

Carrie Boyd

First elected Pike County State's Attorney in November 2012, Carrie Boyd was the first female state's attorney in the history of Pike County. Ms. Boyd is a key representative for the Family Violence Coordinating Council for the 8th Judicial Circuit and is active in the areas of policy development and training for the multidisciplinary committees within the organization. She is chairperson of the Pike County Sexual Assault Awareness Team (SART), leading the

group's primary initiative of revitalizing existing law enforcement and first responder protocol for victims of domestic violence and sexual assault. Ms. Boyd served as an advisor to Lt. Gov. Sheila Simon's Firearms Working Group and testified before members of the Illinois legislature and agency leaders concerning the need for flexible and fair revisions to state gun laws. She is a frequent guest on local radio programs and is a tireless advocate in the war on methamphetamine in rural communities, and for juvenile development programs, mental health awareness, and effective community responses toward the crimes of sexual assault and domestic violence. Ms. Boyd obtained both her bachelor's degree and juris doctorate from the University of Illinois at Champaign-Urbana.

Dorothy Brown

Dorothy Brown was first elected Cook County Circuit Clerk in 2000, becoming the first African American to hold the position. She was re-elected in 2004, 2008, and 2012. Ms. Brown holds a master's in business administration, a juris doctorate, and is a certified public accountant. As the official keeper of records for all judicial matters brought into one of the largest unified court systems in the world, Ms. Brown manages an annual operating budget of more than \$100 million and a workforce of more than 2,300 employees.

Abishi C. Cunningham

Abishi C. Cunningham was named Cook County Public Defender in April 2009. Prior to becoming chief public defender, he was a Cook County Circuit Court Judge from 1986 to 2009. As a judge, he presided over thousands of bench trials and hundreds of jury trials, in both criminal and civil cases. Mr. Cunningham served as legal advisor to the State Superintendent of Public Instruction from 1972 to 1973, when he left to join the Cook County State's Attorney's Office as a felony trial assistant and then as chief of the Vertical Prosecutions Unit. After a period in private practice as a litigator in criminal and civil defense, Mr. Cunningham rejoined the Office of the Cook County State's Attorney, where he supervised 40 assistant state's attorneys responsible for prosecuting all criminal misdemeanor and quasi-criminal cases in Chicago, as well as advising the office on legislative issues. He left this position to join the bench in 1986. Mr. Cunningham is a member of the American Bar Association, National Bar Association, Cook County Bar Association, Chicago Bar Association, Illinois Public Defender Association, and the

National Legal Aid and Defender Association. He graduated from Fisk University in 1969 and from Northwestern University School of Law in 1972.

Thomas J. Dart

Tom Dart was sworn in as the 52nd Cook County sheriff in December 2006. Mr. Dart began his career in public service as an assistant state's attorney in Cook County. In 1992, Mr. Dart won a seat in the Illinois House, where he sponsored Mayor Daley's Safe Neighborhoods Act and authored several state laws designed to crack down on child sex offenders, including a statute that targeted child predators that use the Internet to lure young victims. Mr. Dart also wrote the Sexually Violent Predators Commitment Act, enabling judges to detain sexual predators in state mental health facilities if they believe the offender is likely to commit new sex crimes. Mr. Dart joined the Cook County Sheriff's Office in 2003, where he served as chief of staff to former Cook County Sheriff Michael F. Sheahan.

Patrick Delfino

Patrick Delfino was appointed director of the Office of the State's Attorneys Appellate Prosecutor in December 2008. Since becoming attorney general, Ms. Madigan has dedicated the energy and resources of her office to protecting women and children from sexual predators on the streets and on the Internet. She also has implemented a series of proactive law enforcement strategies to combat the spread of methamphetamine throughout the state. Ms. Madigan is a leader in the public's fight for open and accessible government, and she also has been credited with restoring integrity to Illinois' gambling industry. Prior to becoming attorney general, Ms. Madigan served as a state senator representing the 17th District on Chicago's North Side.

Garry McCarthy

Garry F. McCarthy was named Chicago Police Department Superintendent in June 2011. In this role, Superintendent McCarthy employs crime fighting and prevention strategies that reduced violence and

crime under his leadership in New York City, N.Y., and Newark, N.J. Superintendent McCarthy began his career in law enforcement with the New York Police Department (NYPD) in 1981, and steadily rose through the ranks. He was named NYPD Deputy Commissioner of Operations in 2000 and served as the principal crime strategist for the department. Under his leadership, NYPD saw a significant decline in homicides. That steady decline culminated in 2005 with its lowest murder rate since 1963. Superintendent McCarthy demonstrated strong leadership as a supervisor while commanding three separate precincts during a five-year period and bringing about significant positive changes. His success ultimately led him to a new assignment at the 70th precinct, where he helped diminish a double digit crime rate as well as decrease the number of complaints against police officers. These accomplishments garnered the praise of the U.S. Attorney's Office. In the fall of 2006, Superintendent McCarthy was chosen to lead the Newark Police Department, which achieved a 9 percent reduction in murder within his first year. Along with this reduction, the Newark Police Department experienced additional improvements in efficiency and professionalism, including a 17 percent increase in arrests and diminished complaints against police officers.

Kevin T. McClain

As general counsel for IEMA, Mr. McClain drafted public safety legislation and testified before Illinois House and Senate committees, and provided administrative direction and advice to the agency director and to bureau chiefs, including those of the Illinois Terrorism Task Force and the State Emergency Response Center.

While chief legal counsel and advisor to the Illinois Law Enforcement Training and Standards Board, Mr. McClain wrote board legislation and rules, appeared on behalf of the Board before various legislative committees, and participated in development and implementation of the Mobile Team Training Program. Mr. McClain is a member of the Illinois Terrorism Task Force and International Association of Directors of Law Enforcement Standards and Training. Mr.

McClain graduated with a juris doctorate from The John Marshall Law School in 1980.

Michael J. Pelletier

Michael J. Pelletier was named director of the Office of the State Appellate Defender in December 2007. Mr. Pelletier has spent his entire legal career with the Office of the State Appellate Defender, beginning as an assistant appellate defender in Ottawa in 1976. Prior to his appointment as director, Mr. Pelletier served for 20 years as the deputy defender and chief administrator in the First District Office in Chicago overseeing a staff of 120. Mr. Pelletier received a bachelor's degree in political science from Northern Illinois University in 1972 and a juris doctorate from The John Marshall Law School in 1976. He is a member of the Illinois State Bar Association and its Criminal Justice Section. He is also a member of the Appellate Lawyers Association and a former member of its board of directors, and he is a member of the National Legal Aid and Defender Association. He is a commissioner on the Criminal Law Edit Align and Rewrite (CLEAR) Commission.

Patrick B. Perez

Patrick B. Perez was sworn in as Kane County Sheriff in 2006. After beginning his law enforcement career in 1992 with the Kane County Sheriffs Department, Sheriff Perez worked his way up the ranks, becoming sergeant while serving as supervisor of the Special Operations Unit. He also was a member of the Gang and Drug Enforcement Unit, supervisor of the Patrol Division, supervisor of the Investigations Division, supervisor of the Civil Division, and a member of the Illinois Attorney General's Gang Task Force. In 1998, Sheriff Perez was nominated for the Kane County Officer of the Year award. He is the recipient of two Meritorious Service Awards and a Leadership Award. In 2008, Sheriff Perez received the Hector Jordan Lifetime Achievement Award. He also participated in a 1,250-pound marijuana seizure, made jointly by the Kane County Sheriffs Department and the FBI, the largest in department history.

Toni Preckwinkle

Toni Preckwinkle was elected Cook County Board President in November 2010. Ms. Preckwinkle has been a dedicated community leader for more than two decades, providing independent and progressive leadership founded on experience, coalition building, and a commitment to practical results. Prior to joining the Cook County Board, Ms. Preckwinkle served

as alderman of Chicago's 4th Ward for 19 years. In that time, Ms. Preckwinkle built a professional and responsive ward organization and worked tirelessly to meet the diverse needs of her constituents. She fought for greater funding for education and affordable housing in her ward. She also sponsored the living wage and affordable housing ordinances, and was a lead plaintiff in a lawsuit to institute a more racially equitable map of Chicago's ward boundaries. Prior to joining Chicago City Council, Ms. Preckwinkle taught high school history in Chicago for 10 years. During that time, she ran a non-profit organization aimed at neighborhood improvement. Ms. Preckwinkle was recipient of the IVI-IPO Best Alderman Award in 1993, 1995, 1997, 1999, 2005 and 2008, and the 1997 and 2009 Leon Despres Awards. She holds a bachelor's degree and a master's degree from the University of Chicago.

He joined the Champaign County Public Defender's Office in 1996 and was appointed chief public defender in 1998. He has been an active leader in numerous county and statewide organizations. He is past president of the Illinois Public Defender's Association, past president of the Champaign County Bar Association, past chair of the Illinois State Bar Association's Criminal Justice Section Council, and a member of the Champaign County Juvenile Delinquency Prevention Board and Illinois Juvenile Defense Assessment Project. He serves as a hearing board officer for the Attorney Registration and Disciplinary Commission. He also teaches trial advocacy as an adjunct professor at the University of Illinois College of Law. Mr. Rosenbaum graduated from Northwestern University and the University of Illinois College of Law.

Angela Rudolph

Angela Rudolph is president of Think. Plan. Do. Consulting, a firm dedicated to providing services that create successful partnerships by delivering expertise on both issues and process, strategic communications, grassroots and government relations, policy analysis and social media strategy development. She is also Policy Director at Education Reform Now-Illinois/Democrats for Education Reform-Illinois. Prior to those positions, Ms. Rudolph was program officer with The Joyce Foundation Edu-

cation Program spearheading their portfolio targeting grant making to support quality charter schools, early childhood education and the engagement of teachers, students, parents and community in education reform. A former elementary school teacher, Ms. Rudolph previously served as special assistant to former Chicago Mayor Richard M. Daley. In that role, she was responsible for performing analytical research on ex-offender and gun control policy issues, and spearheading outreach to community-based groups and individuals to encourage involvement in the policy process. Ms. Rudolph began her professional career at the North Central Regional Educational Laboratory working as a policy associate and a program associate with the policy and advocacy division of the Ounce of Prevention Fund. Ms. Rudolph is vice-chair of the Illinois Charter School Commission and a member of the Illinois Department of Corrections Advisory Board. Jennifer Vollen-Katz

Jennifer Vollen-Katz is an attorney and the director of the John Howard Association Juvenile Justice Project. In this role, she monitors conditions and programming in Illinois juvenile detention facilities and helps create and implement system-wide operational and policy reform. Jennifer serves as chairwoman of the State Advisory Board to the Illinois Department of Juvenile Justice. Prior to joining the John Howard Association, Ms. Vollen-Katz was a lecturer in law and a clinical supervisor at the University of Chicago Law School, Mandel Legal Aid Clinic, Federal Criminal Justice Project. She also was a staff attorney with the Federal Defender Program of Northern Illinois, where she represented indigent defendants in federal criminal cases in the Northern District of Illinois. Ms. Vollen-Katz earned her bachelor's degree from St. Lawrence University, her law degree from the Georgetown University Law Center, and her MSc in criminal justice policy from the London School of Economics, London, England.

Committees

The Authority has both ad hoc and standing committees. The Authority chairman appoints committee chairs and vice chairs. Non-Authority members may be appointed to *ad hoc* committees as long as the committees include at least one Authority member. Standing committees help direct and review much of the agency's work. With the exception of the Appeals Committee, standing committees consist of at least seven members of the Authority.

Ad Hoc Victim Services Committee

The Ad Hoc Victim Services Committee defines priorities for use of S.T.O.P. Violence Against Women Act and Victim of Crime Act funds. The criminal justice and victim services professionals and victim advocates who comprise the committee review crime and victimization trend data, information on current efforts, and data from funded programs to ensure a minimum provision of basic services to all victims of crime and prioritize funding for direct services.

Appeals Committee

The Appeals Committee decides administrative appeals by citizens who have challenged the accuracy and completeness of their state criminal history records.

Budget Committee

The Budget Committee reviews the Authority's budget. It receives fiscal reports about the funds made available to further the purposes of the Illinois Criminal Justice Information Act and oversees grant award procedures of the Authority. In addition, committee members may present testimony and advocate for the Authority's budget request before the governor and General Assembly.

Information Systems Committee

The Information Systems Committee reviews and monitors the development and operation of comprehensive information systems in Illinois. The committee also oversees the annual and periodic audits of the state central repositories of criminal history records, as provided in the Illinois Criminal Justice Information Act, and evaluates programs and makes recommendations regarding proper reporting of dispositions to the Illinois State Police by state's

attorneys and clerks of the circuit courts. In addition, the committee reviews integration efforts to ensure that they fall within the broader goals of statewide justice information systems coordination.

Legislation and Regulations Committee

This committee reviews criminal justice-related legislation and regulations proposed by Authority staff and other agencies. It also provides testimony and makes recommendations to the governor and General Assembly, as provided in the Illinois Criminal Justice Information Act. The committee studies and recommends regulations to ensure the privacy and security of criminal history record information as required by law.

Planning and Research Committee

The Planning and Research Committee reviews the research projects, proposals, and programs of the Authority's Research & Analysis Unit, and evaluates and correlates state and local programs, as provided in the Illinois Criminal Justice Information Act. The Planning and Research Committee also helps determine research and evaluation priorities that meet the needs of decision-makers. In addition, the committee oversees the Institutional Review Board to ensure the protection of human research subjects and compliance with applicable laws and regulations. The board reviews all research involving human subjects that is conducted, sponsored, or supported by the Authority.

Staff organization

While Authority members set priorities for the agency and monitor their progress, the day-to-day work is carried out by Authority staff, who come from a variety of backgrounds and disciplines.

At the end of the fiscal year 2013, the Authority had 83 employees, with 77 on payroll and 6 contractual staff members. There were 7 staff vacancies. To maintain diversity, the agency aggressively pursues equal employment opportunities. As of June 30, 2013, the Authority's workforce was 58 percent female, 42 percent male, 64 percent white, 17 percent African American, 10 percent Asian, and 9 percent Hispanic.

Office of the Executive Director

The agency's executive director, who is appointed by the governor with the advice and consent of the Illinois Senate, is responsible for the direction and administration of Authority staff. The executive director determines staff priorities and administers resources and programs needed to meet agency goals. The executive director also serves as liaison to the governor, General Assembly, Authority members, and state and national criminal justice officials and organizations.

Office of General Counsel

The general counsel provides legal services to the Authority, particularly in areas such as access to criminal justice information, privacy and security concerns, the Illinois Freedom of Information Act, and interagency funding agreements. The office directs the Authority's legislative program, and the general counsel serves as secretary to the Authority and the Motor Vehicle Theft Prevention Council. The general counsel also acts as chief of staff and, in the absence of the executive director, provides leadership, direction, and policymaking decisions for the Authority. The Office of General Counsel also oversees the Office of Public Information.

Office of Human Resources

The Office of Human Resources develops and oversees compliance with mandated programs and implements personnel policies. It also coordinates a variety of employee training initiatives, and administers employee benefit programs, compliance with

Awards and accolades

Two Authority staffers were recognized for their contributions during the fiscal year.

Research Analyst **Rebecca Skorek** was the recipient of the National Alliance on Mental Illness-Greater Chicago's 2013 Researcher of the Year Award in February 2013. The award was created in honor of John M. Davis, M.D., a leader in mental illness research and mentor to hundreds of young researchers. Mrs. Skorek received the award for her contribution to the development of Chicago Police Department's Advanced Juvenile Crisis Intervention Training Program.

NAMI of Greater Chicago's mission is to provide hope and improve the quality of life for those whose lives are affected by serious mental illness with information and referrals, education, support, advocacy, and active community outreach.

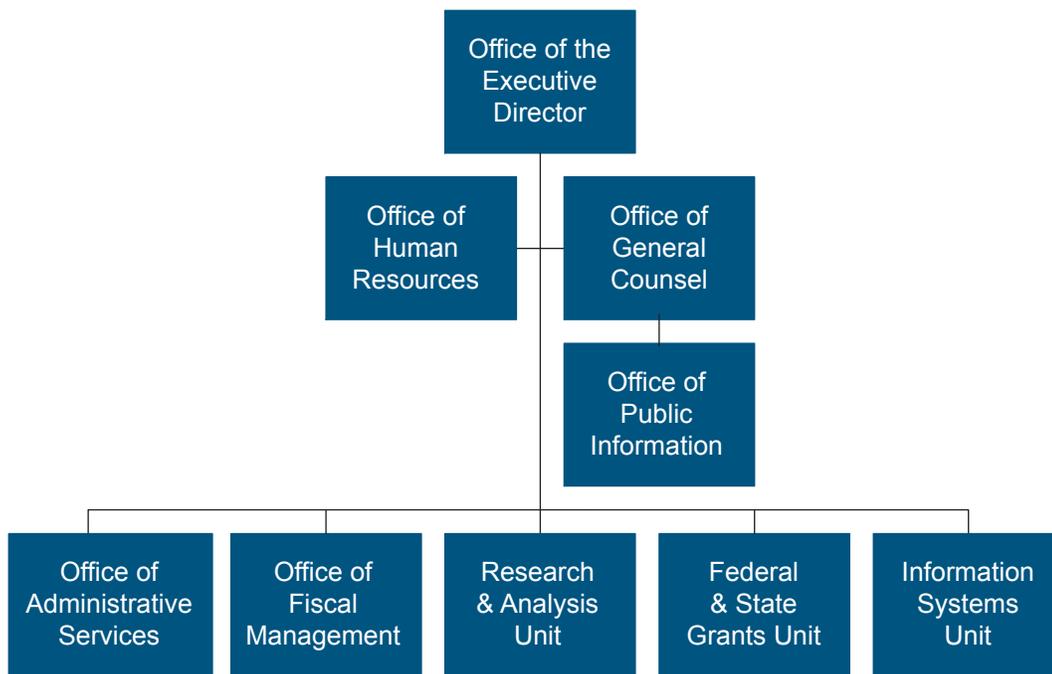

Associate General Counsel **Simeon Kim** was recognized for his contribution to the Illinois State Bar Association (ISBA) Continuing Legal Education seminar on Illinois Sentencing-Statutory and Case Law.

The seminar was named "Best Live On-Site CLE Program of the Year" by the ISBA. Mr. Kim was one of six presenters at the seminar and demonstrated ICJIA's Criminal Statute Search database, which he helped to develop.

the Americans with Disabilities Act, and the agency's annual Affirmative Action Plan.

Office of Administrative Services

The Office of Administrative Services is responsible for office security and the day-to-day general operations of the agency. This includes procurement of office equipment and supplies, telecommunications, inventory management, printing, and arrangements for meetings and travel.

Office of Fiscal Management

The Office of Fiscal Management formulates the Authority’s annual budget, administers its financial transactions, and prepares mandated financial reports for the Office of the Comptroller, the U.S. Department of Justice, and other funding agencies. The office also oversees compliance with the Business Enterprise Program and the Fiscal Control and Internal Auditing Act.

Office of Public Information

The Office of Public Information manages media relations and external communications for the Authority. It oversees the editing, design, and production of research reports, brochures, guidebooks, the annual report, and other documents published by the Authority.

Federal & State Grants Unit

The Federal & State Grants Unit oversees federal and state assistance programs administered by the Authority, including Adult Redeploy Illinois, the Edward Byrne Memorial Justice Assistance Grant Program, Victims of Crime Act, and Violence Against Women Act. The unit is responsible for developing program strategies, recommending programs to be funded, and monitoring grant awards.

Research & Analysis Unit

Also known as the Illinois Statistical Analysis Center, the Research & Analysis Unit conducts research

that supports criminal justice policy and program development. The unit serves as an information clearinghouse for criminal justice statistics and research. In addition, it collects, analyzes, and disseminates information on the extent and nature of crime and crime trends and the causes and prevention of crime. The unit also conducts evaluations of criminal justice programs. The Research & Analysis Unit has taken a leadership role in convening policymakers and practitioners to coordinate and improve system response to crime and to promote the use of evidence-based and promising practices at the state and local level. The unit helps staff statutorily created criminal justice initiatives. It also develops statistical methodologies and provides statistical advice and interpretation to support criminal justice decision-making and information needs.

Information Systems Unit

The Information Systems Unit develops and manages the Authority’s computerized information systems, including the Computerized Lab Reporting Information System, InfoNet, and the Motor Vehicle Automated Reporting System. The unit is responsible for website and software development, systems operations, and technical support. The unit also provides technical support for in-house systems and computer users.

Adult Redeploy Illinois

In response to declining state resources and expanding criminal justice research about “what works” in corrections, Illinois passed the Crime Reduction Act of 2009. The Adult Redeploy Illinois program was created by the Act to increase alternatives to incarceration for non-violent offenders. Research shows that non-violent offenders are more effectively rehabilitated in community settings, which are also less expensive than prison.

Adult Redeploy Illinois (ARI) provides grants to local jurisdictions to expand their capacity to safely supervise non-violent offenders in the community by investing in evidence-based practices shown to reduce recidivism. In exchange for grant funding, sites agree to reduce by 25 percent the number of non-violent offenders they send to the Illinois Department of Corrections from their target populations. The 25 percent reduction goal is not only an accountability mechanism but also a means to generate state corrections savings to sustain the program.

ARI saw significant growth and expansion in FY13. After transitioning from federal “proof of concept” funds that funded the program’s pilot phase, an increased investment by state leaders made it possible for Adult Redeploy Illinois to expand from 10 sites in 10 counties in 2012, to 18 sites operating 19 programs across 34 counties in 2013. The number of people served at ARI sites rose from 808 in 2012 to 1,275 in 2013.

Each individual diverted from prison by ARI represents significant potential cost savings: an average ARI intervention costs approximately \$4,400 compared to the per capita annual incarceration cost of \$21,500. Based on 1,376 total diversions since the beginning of the program, the cumulative impact of the program grew to an estimated \$23.5 million in correctional savings to the state by the end of 2013.

ARI is developing into a true statewide initiative, with a network of locally designed diversion programs operating in urban, suburban and rural areas. In addition to the 18 sites funded, six more counties are in the planning stages in early 2014.

As part of the planning process, each site convenes stakeholders from across the criminal justice system and related fields of behavioral health,

Adult Redeploy Illinois grants

The Authority disbursed ARI grant funds to the following programs between July 1, 2012, and June 30, 2013. Funds disbursed during the fiscal year may differ from the total designated to each program.

Agency	State funds disbursed
2nd Judicial Circuit Court Services	\$50,000
4th Judicial Circuit	\$16,744
Boone County	\$10,760
Crawford County	\$51,468
DuPage County	\$159,533
Fulton County	\$38,525
Jersey County Probation Department	\$50,150
Kane County	\$7,000
Knox County	\$103,659
Lake County Circuit Court	\$12,000
LaSalle County	\$12,478
Macon County	\$198,884
Madison County	\$79,054
McLean County	\$36,641
St. Clair County	\$80,179
Winnebago County	\$166,924

veterans’ affairs, and job training/education, to identify a target population and a target intervention for the local ARI program. The type and intensity of ARI interventions varies; however, a standard intervention—in a problem-solving court or intensive probation supervision program—involves a risk assessment, individualized case planning, frequent monitoring, and increased access to treatment and wrap-around services.

ARI demonstrates the importance and impact of being “smart on crime” with an evidence-based, data-driven, and results-oriented approach. Quantitative and qualitative performance measurement data are collected and analyzed by ARI staff and researchers at the Authority, to provide site feedback for ongoing improvement and report on progress to external stakeholders. Overall results show improved public safety outcomes at the individual and community level and significant cost savings to the state

Motor Vehicle Theft Prevention Council

With the support of the insurance industry, the General Assembly established the Illinois Motor Vehicle Theft Prevention Council in 1991 to combat vehicle theft, insurance fraud, and related crimes. The 11-member Council is made up of law enforcement and insurance industry officials. Day-to-day work of the Council is carried out by ICJIA staff.

The Council's responsibilities, as listed in the Illinois Motor Vehicle Theft Prevention Act, include assessing the scope of motor vehicle theft, particularly in those areas of the state with the highest theft rates, allocating funds made available for the purpose of the act, and developing and implementing strategies to combat motor vehicle theft.

The Act requires that certain insurance companies pay into a special trust fund in the state treasury. Insurance companies licensed to write private passenger comprehensive coverage are required to pay \$1 into the fund annually for each vehicle insured in the previous year. Collected and administered by the Council, contributions to the fund totaled \$6.5 million in 2013.

The Council allocates grants supporting programs such as special auto theft task forces and investigative teams, prosecutions, statewide audits

Council highlights: 1991 to FY13

Investigations initiated	35,634
Audits of vehicle businesses	66,343
Arrests made	17,170
Convictions obtained	6,837
Vehicles recovered	39,883
Value of recoveries	\$320 million

of salvage yards, public education, officer training, and data analysis. The Council funded 11 programs in FY13.

Vehicle thefts down 62 percent

Reports of motor vehicle theft in Illinois dropped 62 percent between 1991, when the Council was created, and calendar year 2011. The 29,108 vehicles reported stolen in 2011 represented 295 fewer stolen than in the previous year.

For more information or a copy of the Motor Vehicle Theft Prevention Council Annual Report, call (312) 793-8550, or visit the MVTPC website at www.icjia.state.il.us/mv.

Motor Vehicle Theft Prevention Council grants

The Council awarded MVTPC grant funds to the following programs for calendar year 2013. Funds distributed during the fiscal year may differ from the total award received for each program.

Tri-County Auto Theft Task Force	Joliet Police Department	\$822,808

Federal and state grants

The Federal & State Grants Unit (FSGU) administers grant programs overseen by the ICJIA. Authorized under the Authority's power to receive and disburse grant money, this responsibility includes assuring compliance with federal and state regulations.

The Authority began administering federal grants in 1985, following the passage of the Justice Assistance Act and the Victims of Crime Act by Congress. In FY13, 18 staff members processed 355 individual grants under five state and 13 federal programs, with \$51.2 million in disbursements for the fiscal year.

FSGU staff perform a variety of functions in developing, implementing, and monitoring state and local programs. These tasks include planning, program development, technical assistance, coordination, and administration.

Federal grant programs

American Recovery and Reinvestment Act

Passed in response to the nation's economic crisis, the American Recovery and Reinvestment Act (ARRA) of 2009 was designed to create new jobs and save existing ones, spur economic activity and invest in long-term economic growth, and foster unprecedented levels of accountability and transparency in government spending.

With the Act, Illinois received \$50.2 million to administer the ARRA Edward Byrne Memorial Justice Assistance Grant Program (JAG), \$1.3 million to administer the ARRA Victims of Crime Act (VOCA), and \$5 million to administer the ARRA Violence Against Women Act (VAWA). The Authority set funding priorities for these awards and developed program data reporting tools for agencies that received ARRA grants in order to meet the Act's strict reporting requirements.

In FY13, the Authority disbursed \$174,116 in ARRA VAWA funding to six programs and more than \$8 million in ARRA JAG funding to 64 programs. See pp. 20-21 for a list of programs supported with ARRA JAG and ARRA VAWA funding during the fiscal year.

Edward Byrne Memorial Justice Assistance Grants

The Edward Byrne Memorial Justice Assistance Grant Program (JAG) was designed to streamline justice funding and grant administration. The program blended funding for Edward Byrne Memorial State and Local Law Enforcement Assistance (also known as ADAA) and Local Law Enforcement Block Grant programs to provide agencies with the flexibility to prioritize and place justice funds where they are needed most.

JAG funds can be used for state and local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and information systems for criminal justice for any one or more of the following purpose areas:

- Law enforcement.
- Prosecution and court.
- Prevention and education.
- Corrections and community corrections.
- Drug treatment and enforcement programs.
- Planning, evaluation, and technology improvement.
- Crime victim and witness programs (other than compensation).

Overarching priorities for these areas include:

Court, prosecution, defense and community corrections initiatives: Support and enhance court initiatives, including specialty courts, that contribute to the effectiveness and efficiency of the criminal justice court system in all its facets—the judiciary, clerks, prosecution, defense, and probation.

Justice information sharing: Support efforts to implement integrated justice information systems throughout the state to ensure that each component of the criminal justice system has access to timely, complete, and accurate information necessary to inform decision-making at each stage of the criminal justice process.

Justice research and evaluation: Support research and other programs that contribute to knowledge about crime, its causes, prevention and deterrence

Juvenile Accountability Block Grants

The Authority designated Juvenile Accountability Block Grants to the following programs between July 1, 2012, and June 30, 2013. Federal funds disbursed during the fiscal year may differ from the total designated to each program.

and about the needs of victims, offenders with mental illness and or substance abuse issues, and other special populations to ensure that such knowledge is made available to policy makers and practitioners.

Law enforcement innovation: Support proven and innovative programs targeted to address recognized risk factors and augment protective factors to reduce recidivism among those already involved in the criminal justice system, those on community supervision, or those incarcerated, allowing them successful community reentry as law-abiding and contributing members of society.

Prevention and intervention: Support proven and innovative prevention and intervention programs for young people at risk of involvement in the criminal justice system. These programs should address recognized risk factors, enhance protective factors and help young people avoid involvement with violent crime, drugs, gangs, guns and other criminal behavior. In setting priorities for JAG funding, recognize that ICJIA's primary source of prevention and intervention funds is state violence prevention funding rather than JAG.

Recidivism reduction: Support proven and innovative programs targeted to address recognized risk factors and augment protective factors to reduce recidivism among those already involved in the criminal justice system, those on community supervision, or those incarcerated, allowing them successful community reentry as law-abiding and contributing members of society.

State corrections programs: Support programs which allow state and local correctional facilities to apply proven and innovative programs to assist in meeting the needs of incarcerated persons and to maintain the safety and security of the institution, staff and inmate population.

Illinois' federal fiscal year 2012 JAG award was \$7.4 million. In FY13, \$8.5 million in JAG funds were disbursed to 58 programs. See page 26 for a list of programs supported by JAG in FY13.

delinquency and crime, and hold young people, their families, and the juvenile justice system accountable for improving the quality of life in every community. Purpose areas include developing graduated sanctions and providing funding to train law enforcement and court personnel. Program requirements include establishing and maintaining restorative justice programs, hiring detention personnel, providing risk and needs assessment, and establishing a juvenile records system.

Illinois' federal fiscal year 2011 JABG award was \$1.6 million. In FY13, the Authority disbursed more than \$1.3 million to 23 juvenile justice programs throughout Illinois. See page 19 for a list of programs supported by JABG.

Kirk Bloodsworth Post-Conviction DNA Testing Program

The National Institute of Justice awards Kirk Bloodsworth Post-Conviction DNA Testing Program (PDNAT) grants to states trying to defray the costs associated with post-conviction DNA testing of forcible rape, murder, and non-negligent manslaughter cases in which actual innocence might be demonstrated. PDNAT funds may be used to review such post-conviction cases and to locate and analyze biological evidence associated with these cases.

Illinois received \$589,638 in federal fiscal year 2012 to administer PDNAT. The Authority disbursed \$271,009 to the University of Illinois-Springfield for post-conviction DNA testing services during the state fiscal year.

Paul Coverdell National Forensic Sciences Improvement Act

The Paul Coverdell National Forensic Sciences Improvement Act (NFSIA) authorizes funding to improve the quality, timeliness, and credibility of forensic science services for criminal justice purposes. NFSIA funding is directed to crime laboratories and medical examiners' offices based on population and crime statistics. The program permits funding for facilities, personnel, computerization, equipment, supplies, education, and training.

Illinois' federal fiscal year 2012 NFSIA award was \$294,523. In FY13, the Authority disbursed \$673,756 to Illinois State Police for forensic science initiatives. ISP operates nine laboratories that provide forensic services to almost 1,500 law enforcement agencies in Illinois.

ICJIA also disbursed \$82,237 to the Northern Illinois Crime Lab and \$58,640 to DuPage County for forensic science initiatives.

National Instant Criminal Background Check System Reporting Improvement Program

The National Instant Criminal Background Check System Reporting Improvement Program provides assistance to states to improve the completeness, automation, and transmittal of records to state and federal systems used to conduct background checks. Such records include criminal history records, records of felony convictions, warrants, records of protective orders, convictions for misdemeanors involving domestic violence and stalking, records of mental health adjudications, and others that may disqualify an individual from possessing or receiving a firearm under federal law. Helping states to automate these records also reduces delays for law-abiding gun purchasers.

Illinois' federal fiscal year 2012 National Instant Criminal Background Check System Reporting Improvement Program award was \$1,650,000. In FY13, \$1,650,000 was disbursed to the Illinois State Police.

National Criminal History Improvement Program

The National Criminal History Improvement Program (NCHIP) provides discretionary grants awarded by the U.S. Department of Justice Bureau of Justice Statistics. NCHIP is used to enhance the quality and completeness of the nation's criminal history record systems by providing financial and technical assistance to states for the establishment or improvement of computerized criminal history record systems. The Authority disbursed \$114,950 to the Cook County Clerk of the Circuit Court and \$59,475 to the Illinois State Police in FY13 for record systems improvement.

Project Safe Neighborhoods

Project Safe Neighborhoods is a nationwide commitment to reduce gun crime in America by networking existing local programs that target gun crime and providing these programs with additional tools necessary to be successful. This funding is used to hire new federal and state prosecutors, support investigators, provide training, distribute gun lock safety kits, deter juvenile gun crime, and develop and promote community outreach efforts as well as to support other gun violence reduction strategies.

In FY13, the Authority disbursed \$51,989 to the Cook County State's Attorney's Office to hire a prosecutor, \$42,987 to the Illinois Department of Corrections for a parole compliance initiative, and \$12,600 to Peoria DRAGUN for an anti-gang initiative.

Residential Substance Abuse Treatment Program

The Residential Substance Abuse Treatment Program (RSAT) provides funding for treatment programs in a correctional setting and is available to the Illinois Department of Corrections (IDOC) and Illinois Department of Juvenile Justice (IDJJ). RSAT funds are used to implement residential, jail-based, and after-care programs.

RSAT funding requires the following criteria be met for funding eligibility:

- Length of treatment must be six to 12 months.
- Offenders must receive treatment services in a residential setting away from the general inmate population.
- The primary focus of the program must be on the substance abuse problems of the inmate, but the program also must develop inmates' social, cognitive, behavioral, and vocational skills.

In addition, treatment is limited to offenders who are nearing the end of their incarceration so that they may be released upon completion of the substance abuse program.

Illinois received \$266,074 for RSAT in federal fiscal year 2013. In FY13, grant disbursements were made to IDJJ to support drug treatment programs at the Illinois Youth Centers in Harrisburg (\$83,733), Joliet (\$66,152), St. Charles (\$146,600), and Warrenville (\$75,339). In addition, \$115,008 was designated to Dwight Correctional Center and \$26,381 was designated to Franklin County for juvenile methamphetamine treatment.

Sex Offender Registration and Notification Act

The Sex Offender Registration and Notification Act (SORNA) is Title I of the Adam Walsh Child Protection and Safety Act of 2006 (Public Law 109-248). SORNA provides a comprehensive set of minimum standards for sex offender registration and notification in the United States. SORNA aims to close potential gaps and loopholes that existed under prior law and generally strengthens the nationwide network of sex offender registration and notification programs.

SORNA is a competitive award administered to states by the U.S. Department of Justice Office of Justice Programs. Illinois' federal fiscal year 2012 SORNA award was \$515,906. The Authority disbursed \$11,500 to Illinois State Police in FY13 for statewide sex offender registration efforts.

Violence Against Women Act

Congress first passed the Violence Against Women Act (VAWA) in 1994 and reauthorized the Act in 2000. With a reauthorization in 2005, Congress began the S.T.O.P. (Services * Training * Officers * Prosecutors) VAWA program. Among the provisions of the Act is a section authorizing grants to states for programs that would improve the response of the criminal justice system to female victims of sexual assault and domestic violence.

As the agency charged with administering VAWA awards in Illinois, the Authority relies on statistical data, public testimony, and surveys of criminal justice and victim service agencies to ensure the most effective distribution of funds. The program's objectives include:

- Providing services to women who are victims of sexual assault and domestic violence by establishing satellite programs in one or more counties and extending services to victims who are unserved or underserved.
- Developing, implementing, and evaluating a plan for training police, prosecutors, judges, circuit clerks, probation officers, and service providers that reflects the unique information and skills necessary to promote an interdisciplinary approach to sexual assault and domestic violence.
- Implementing measures that document and assess the response of criminal justice agencies in Illinois to sexual assault and domestic violence.

The Act specifies that states must allocate 25 percent of the funds to law enforcement, 25 percent to prosecution, 30 percent to service providers, and 5 percent to the courts. The remaining 15 percent can be allocated at the state's discretion. Funds have a two-year lifespan and must be spent in accordance with a plan drafted by the Authority Ad Hoc Victim Services Committee and submitted to the Office on Violence Against Women, U.S. Department of Justice.

Illinois' federal fiscal year 2012 VAWA award was \$4.7 million. More than \$4.3 million in VAWA funds was disbursed in FY13 to support 37 programs. See page 25 for a list of programs funded through VAWA during the fiscal year.

VAWA Sexual Assault Services Program

The VAWA Sexual Assault Services Program supports the provision of hotline, advocacy, counseling,

and outreach services to adults and children at 33 local victim service agencies across Illinois.

Illinois' federal fiscal year 2012 VAWA Sexual Assault Services Program award was \$373,779. In FY13, the Authority disbursed \$364,706 to the Illinois Coalition Against Sexual Assault.

Victims of Crime Act

The Victims of Crime Act (VOCA), funded with fines paid by offenders convicted of violating federal laws, supports direct services to victims of crime. The act requires that priority be given to services for victims of sexual assault, domestic violence, child abuse, and other groups identified by the state as underserved victims of crime.

Illinois' federal fiscal year 2012 VOCA award was almost \$14.9 million. The Authority disbursed \$15.6 million in VOCA grant funding in FY13 to 107 victim service providers. These funds supported victim advocacy programs throughout Illinois, including services provided by agencies that are members of the Coalition Against Domestic Violence and Coalition Against Sexual Assault. Other grants supported services to survivors of homicide victims, victims of drunk driving crashes, and violent crime victims with special needs, such as those with disabilities and the elderly.

See page 27 for a list of programs funded through VOCA in FY13.

State grant programs

Chicago Area Project

Chicago Area Project (CAP) works toward the prevention and eradication of juvenile delinquency through the development and support of affiliated local community self-help efforts in communities where the need is greatest.

CAP uses a three-pronged approach to addressing youth delinquency and its root causes: community organizing, direct services, and advocacy. CAP identifies local leaders and supports their efforts in mobilizing residents to take responsibility for guiding young people. Direct services occur through CAP's network of more than 40 affiliates offering educational, cultural, and recreational programs. CAP also advocates with neighborhood groups on behalf of their youth for improvements in schools, juvenile court systems, and employment opportunities. CAP received \$3.75 million to provide community services in FY13.

Death Penalty Abolition Fund

In FY13, the Authority coordinated the development of two initiatives prescribed by the Death Penalty Abolition Fund, Public Act 725 ILCS 5/119(b): services for families of victims of homicide and training of law enforcement personnel.

The Authority issued a request for proposals seeking service providers to coordinate programs offering immediate and effective responses and services to family members of homicide victims in Cook County. One or more service providers will be selected in FY14.

In addition, the Authority collaborated with the University of Illinois Chicago, Chicago Police Department, Illinois Homicide Investigators Association, the Cook County State's Attorney's Office, and other law enforcement stakeholders statewide to plan and develop the Center for Excellence in Homicide and Sexual Assault Investigations (CFE). A core principle of the CFE is to provide cross-discipline (law enforcement, prosecution, coroners/medical examiner) collaboration amongst practitioners, researchers, policy makers, and trainers for the purpose of stimulating communication and information exchange amongst stakeholders that will generate new knowledge that can be translated into best-practices training.

The Illinois Law enforcement Training and Standards Board received a \$55,375 grant from the fund in FY13 to provide training to first responders in homicide cases.

Community Violence Prevention Program

The Community Violence Prevention Program (CVPP) is a collaborative effort of public and private agencies that provides pro-social opportunities to youth in underserved communities. CVPP components work to reduce deviant behaviors associated with risk factors, strengthen social skills, and increase parent leadership in communities.

The Authority was charged with program planning and grant administration during the fiscal year. CVPP program goals are to:

1) Reduce risk factors and promote protective factors associated with violence through provision of jobs for community youth, adults, and professionals that promote community wellness and healthy behaviors, youth and parent leadership, and caring community environments.

Community Violence Prevention Program grants

The Community Violence Prevention Program (CVPP) is collaborative effort of public and private agencies that provides pro-social opportunities to youth in underserved communities. The Authority disbursed grant funds to the following programs between July 1, 2012, and June 30, 2013. Illinois State Crime Stoppers Fund

The Illinois State Crime Stoppers Fund serves residents throughout Illinois by representing local Crime Stoppers programs statewide, striving to assist law enforcement with solving crimes, apprehending wanted persons, recovery of stolen property and illegal drugs, and promoting crime prevention. In FY13, the Authority disbursed \$21,685 to the Illinois State Crime Stoppers Association.

Other grants

ICJIA absorbed the Illinois Violence Prevention Authority (IVPA) in January 2013 and began administration of all IVPA grant programs. These programs include the *Illinois Family Violence Coordinating Council*, the *Bullying Prevention Program*, *Choose Respect Illinois*, *Illinois Health Cares*, *Safe from the Start*, and other individual violence prevention collaborations and special projects. In FY13, the Authority initiated collection and transfer of IVPA's grant information on these programs into ICJIA's grants management system.

Research and analysis

The Authority is responsible for conducting criminal justice research in Illinois, and its Research & Analysis (R&A) Unit handles the majority of the program and policy research efforts. Also known as the Illinois Statistical Analysis Center, the unit's primary mission is to identify and explore current or emerging criminal and juvenile justice issues and programs that affect the Illinois justice system. The results are then made available to state, county, and local criminal justice decision-makers to assist them in their policy discussions and planning.

R&A attempts to make timely and objective information available on key issues so that important policy, program, and funding decisions are based on data and factual information rather than general perceptions. R&A is leading the Authority's efforts to promote the implementation of evidence-based and promising practices.

A number of research efforts were under way or concluded in state fiscal year 2013.

Criminal justice programming support

The Authority continually collects, analyzes, and disseminates statistical information on a variety of criminal and juvenile justice issues. By working with various agencies responsible for initial data collection, staff have developed what is perhaps the most comprehensive repository of crime, criminal justice, and risk factor data in Illinois, as well as a unique and widely recognized expertise in data analysis and interpretation. R&A encourages and supports community problem assessment and planning by making much of this data available on the Authority's website.

The unit also is responsible for evaluations to assess implementation and impact of drug and violent crime prevention and control programs, community re-entry post-incarceration, and drug treatment efforts, and other justice initiatives in Illinois. Evaluation projects supported with federal funds are carried out in-house, and through subcontracts with universities and private research firms.

R&A provides a variety of program development support to the Authority's Federal & State Grants Unit. Some of these activities are supported with grants from the U.S. Department of Justice Bureau of Justice Assistance, and from the VOCA,

Presentations

Presentations were made by ICJIA staff to a number of organizations and conferences in FY13. They include:

- 2012 National Forum on Criminal Justice & Public Safety
- 2012 Robert B. Wilcox Symposium on Criminal Justice
- Collaborative on Reentry Annual Meeting
- Cook County Human Trafficking Task Force Second Annual Conference
- Illinois Coalition Against Domestic Violence Building Safer Communities Conference
- Illinois Sentencing Policy Advisory Council
- Illinois Specialty Courts Conference

and VAWA grant programs. R&A also provides the Federal and State Grants Unit with research and evaluation support.

Contracted evaluation and research

The Authority supported two outside research projects and evaluations in FY13. They included an Evaluation of the Cook County Deferred Prosecution Program, conducted by Loyola University Chicago and a Multisite Evaluation of the Multidisciplinary Team (MDT) Approach to Violence Against Women in Illinois, conducted by University of Illinois at Springfield.

Statistical Analysis Center website

The Authority launched the Illinois Statistical Analysis Center (SAC) website. The Illinois SAC website provides Illinois-specific criminal justice information and data in a way that's informative, interesting, and easy-to-navigate. This site offers a wide range of materials and resources that are useful to justice system practitioners, planners, researchers, students, and the general public. Visit the Illinois Statistical Analysis Center at www.icjia.org/public/sac.

Online data tools

Authority tools

The Statistical Analysis Center website is host to a variety of online data and tools to assist in interpreting the data. These tools allow users to research

broad issues facing the criminal justice system or simply examine crime trends in a specific Illinois county or regional area. Criminal offense and arrest data from ISP Uniform Crime Reports are available on each Illinois county.

In FY13, staff continued to develop updated maps, charts, and other data applications to enhance web access and online presentation formats of the agency's holdings of criminal justice and social risk factor data. Topic areas for these tools include crime trends for violent and property offenses, drugs seizures, drugs submitted for testing at Illinois State Police labs, drug treatment admissions, arrest trends for violent, property and drug offenses, probation sentence statistics, and juvenile data. Also included are data on special topics, such as domestic violence and elder abuse.

Kane County State's Attorney's Office Evidence-Based Decisionmaking Tool

ICJIA partnered with the Kane County State's Attorney's Office to develop an evidence-based risk, assets, and needs assessment tool to help inform plea decisions. An automated tool calibrated to Kane County will be created to assist state's attorneys in compiling and evaluating defendant information relevant to their plea decisions. Data on 500 completed cases will be used to develop appropriate weights for each data element and standardize information acquisition and decision-making using evidence-based practices. Once this baseline sample has been collected, ICJIA staff will begin the recidivism analysis necessary for developing the tool scoring mechanism.

Web-based Criminal History and Recidivism Analysis Tool

Staff continued development of a new web-based analysis tool that allows users to explore 10-year criminal history patterns of prisoners admitted to and released from the Illinois Department of Corrections, and persons sentenced to probation. The tool informs sentencing and corrections policy in a new format. A dataset derived from de-identified prison records and corresponding criminal history records is being built for use with a web-based user interface.

Evaluations

Adult Redeploy Illinois Utilization-Focused Evaluation

The Crime Reduction Act established the Adult Redeploy Illinois program in 2010 to provide financial incentives to local jurisdictions for designing com-

munity-based programs that treat offenders in the community rather than sending them to state prisons.

Authority researchers are tracking the policy implementation process, guiding development of performance and outcome measures, and providing other relevant technical assistance toward insuring the program model aligns with the Crime Reduction Act. Researchers will analyze program data collected by the local jurisdictions to measure progress toward performance and outcome measures. In addition, the evaluation will use ARI staff, stakeholder, and client interview data. The results of the evaluation will be used to assist the sites with improving their programs going forward. Project completion is expected in fall 2014.

Chicago Police Department Juvenile Crisis Intervention Training evaluation

The Chicago Police Department, in conjunction with the National Alliance on Mental Illness-Chicago, established its 40-hour Youth Crisis Intervention Team training to teach officers how to better respond to mental health crises among juveniles. Researchers are evaluating the program to improve and enhance training practices. The evaluation will measure pre- and post-training knowledge, retention of the training material, satisfaction with the training, and the intentions and use of training materials in the field. This evaluation will be completed in summer 2014.

Community Violence Prevention Program

The Community Violence Prevention Program serves young people and parents in 24 underserved communities in and around Chicago. Program components include the Youth Employment Program, Parent Program and Reentry Programs. An evaluation is under way on each of these components to determine whether the program components meet their goals and objectives, make suggestions for program enhancement, and guide funding decisions. The evaluation will include program data, staff and participant surveys, and interviews. Information derived from the evaluation will be used to improve the program and guide funding decisions.

River Valley Juvenile Detention Center Mental Health Program evaluation

Authority researchers continued their partnership with River Valley Detention Center administrative staff to conduct an evaluation of the facility's mental health program. The evaluation will measure youth satisfaction with the conditions and treatment

provided by facility staff, the use of court-ordered psychological reports, and the influence psychological reports have on juvenile justice system outcomes. Evaluation completion is expected in summer 2014.

St. Leonard's Ministries program evaluation

St. Leonard's Ministries operates two transitional housing programs: St. Leonard's House and Grace House. These programs provide housing for adult men and women exiting prison. Authority researchers continued its evaluation of St. Leonard's Ministries programs to identify program components that are effective in contributing to successful client outcomes. This evaluation will use interviews with staff and clients, field observations, program data, and outcome data. This information will help educate policymakers about the potential benefit of long-term, structured re-entry programming for formerly incarcerated men and women. Evaluation completion is expected in spring 2015.

Technical assistance

Arrest-Related Deaths Reporting

The Authority continued participation in the Department of Justice Bureau of Justice Statistics Deaths in Custody Reporting Program (DCRP). The Death in Custody Reporting Act of 2000 required the U.S. Department of Justice to begin a quarterly collection of individual death records for anyone incarcerated in state and local correctional facilities at the time of death, and for any person who died while in the process of arrest.

Through DCRP, the Bureau of Justice Statistics (BJS) collects and disseminates data on deaths that occur in local jails and state prisons, and during the process of arrest by state and local law enforcement agencies. The Authority has acted as the state reporting agency for Illinois since 2003 for deaths that occur in the process of arrest. Staff identify and collect data on eligible deaths through a variety of methods and report all information to BJS. Downloadable forms and information for police agencies and coroners is available on the Authority website.

Criminal history records research

The Authority established the Criminal History Records Audit Center in 1993 to improve the state's criminal history record information (CHRI) system and ensure compliance with federal mandates and state laws for criminal history records. Criminal history records, commonly known as "rap sheets" are

used by criminal justice agencies throughout Illinois to identify and prosecute repeat offenders, as well as for research, employment, and professional licensing purposes.

Record quality is examined through periodic audits of the computerized criminal history database maintained by Illinois State Police (ISP). In FY13, researchers continued investigations of court disposition and sentencing reporting trends while developing a web-based Criminal History and Recidivism Tool through a grant from the U.S. Department of Justice, Bureau of Justice Statistics. Gaps in court disposition and sentencing CHRI data were identified in this project. These findings were incorporated into the methodology of the next statewide audit.

In partnership with ISP, staff also facilitates research utilizing criminal history records. Through a permanent online connection, the Authority has access to ISP's electronic data tables, which can be downloaded onto secure Authority servers and shared with authorized users. The data is used by both outside researchers and Authority staff conducting in-house research.

In FY13, staff processed CHRI data user agreements with Loyola University, University of Chicago, Northwestern University, Roosevelt University and the Center for State Court Innovations. The data were used by these entities to conduct research on the implementation of mental health courts in Illinois, and recidivism rates among juvenile offenders, the patterns of drug arrests in Illinois and the nature of arrests for the sexual exploitation of children in Illinois, as part of a national study.

In addition, a CHRI dataset spanning the years 1993 to 2013 was developed and loaded into an SQL server, in order to facilitate a hierarchical structure of offense severity. This CHRI arrest, conviction and sentencing dataset is the foundation for the web-based Criminal History and Recidivism Tool, and has become a valuable in-house resource for efficiently answering information requests from legislators, the media, outside researchers, and students. Staff also provided technical assistance on the interpretation of CHRI data provided for research.

Illinois Criminal History Record Information System Audit

The Authority is mandated by statute to conduct periodic audits of the Illinois state central repository for criminal history record information (CHRI) maintained by the Illinois State Police (ISP). The goal

of the project is to document the accuracy, completeness, and timeliness of information in the CHRI system, with a particular focus on court dispositions. The purpose of the project is to provide the Illinois State Police with feedback on limitations in its current system that may require remedial action, and provide recommendations to inform future federal grant applications for state criminal history record improvements.

In FY13, staff focused on identifying gaps in court dispositions and sentencing information, as reported in CHRI. This information was incorporated into the audit methodology. Audit completion is expected in fall 2014.

Illinois Criminal Justice Cost-Benefit Model Development

Staff continued development of a comprehensive cost-benefit model designed by the Washington State Institute of Public Policy. Researchers will use the model to identify the Illinois-specific costs and benefits of the criminal justice system and its programs and policies. Project completion is expected in summer 2014.

Information clearinghouse

The Authority serves as a statewide clearinghouse for statistics and other information about the criminal justice system. In FY13, the agency responded to 132 requests from people seeking information, an average of 11 per month. Requests for information came from private citizens, government and private agencies, students, media representatives, legislators, and researchers.

Staff received 266 e-mail requests for information via the Authority's website during the fiscal year.

Juvenile justice system overviews

In FY13, staff continued compilation of the Juvenile Justice System and Risk Factor Data: 2009-2010 Annual Report. Compiled at the request of the Illinois Juvenile Justice Commission, the report provided a comprehensive overview of risk factors for juvenile crime, juvenile involvement with the justice system, county-level data, special issues within the system, and programs and initiatives active within Illinois. This report will be completed in spring 2014.

Mental Health and PTSD in Cook County Jail Substance Abuse Treatment Program

Staff continued a collaboration with Loyola University Chicago and the WestCare Foundation to initiate

and examine mental health, trauma exposure, and PTSD among males in substance abuse programming at the Cook County Jail. A survey will be distributed to detainees in Cook County Jail participating in the WestCare Foundation's Impact program. The purpose is to learn about trauma and PTSD in jail populations and inform programmatic improvements to the jail. Project completion is expected in summer 2014.

Sentencing Policy Advisory Council research support

The Sentencing Policy Advisory Council is a non-partisan group of 18 key stakeholders from across the state and local criminal justice systems, including members of all three branches of government, victims' rights advocates and academics. Created in 2009, the Council is charged with collecting and analyzing information related to sentencing, crime trends, and existing correctional resources for the purpose of determining how proposed changes in sentencing policies will impact the criminal justice system. Authority researchers serve as the primary source of research expertise and technical assistance to the Council. To date, staff has assisted in producing a data gap report, a retrospective analysis of trends in crime and sentencing and a statistical model for system-wide fiscal impact statements.

Illinois integrated justice systems

By statute, the Authority is responsible for developing and operating comprehensive information systems for the improvement and coordination of all aspects of law enforcement, prosecution, and corrections (20 ILCS 3930/7(a)).

The Authority is also statutorily mandated “to advise and to make recommendations to the Governor and the General Assembly on policies relating to criminal justice information systems” (20 ILCS 3930/7(p)). In FY13, ICJIA tendered an Executive Order to the Illinois Governor’s Office to create the Illinois Data Exchange Coordinating Council.

The Authority also continued to lead Illinois information sharing with promotion of the global standards package (GSP). GSP is a collection of normative, independently versioned standards that are assembled into a package of interoperable solutions specifically supporting the exchange of justice information.

The use of GSP components enhances data exchange and system integration across jurisdictions and disciplines and allows for timely, accurate, and complete information exchange about justice-involved individuals and populations while leveraging the economies of scale inherent within government agencies.

The Authority provided leadership and funding during the fiscal year for local units of government and state agencies to develop or implement multi-jurisdictional, cross-discipline, data exchange projects that conform to the components of GSP.

Also in FY13, to engage stakeholder interest and understanding in the development of a statewide information sharing environment, ICJIA developed and delivered a statewide forum on data exchange and information sharing standards. ICJIA partnered

Boards and commissions

The Authority houses, staffs, and/or participates in the following advisory councils, boards, and commissions:

- Adult Redeploy Illinois Oversight Board
- Alcoholism and Other Drug Abuse and Dependency Act Advisory Council
- Chicago Safe Start Advisory Board
- Commission to Study Disproportionate Justice Impact Act
- Illinois Childhood Trauma Coalition
- Illinois Family Violence Coordinating Council Steering Committee
- Illinois Juvenile Justice Commission
- Illinois Motor Vehicle Theft Prevention Council
- Illinois Sentencing Policy Advisory Council Illinois
- Suicide Prevention Association
- Justice Research and Statistics Association Executive Committee
- Law Enforcement Agencies Data System (LEADS) Advisory Policy Board
- Redeploy Illinois Oversight Board (Juvenile)
- Sex Offender Management Board

with the nation’s most respected associations and groups dedicated to integrated justice, standards, and technologies to provide the most accurate approach to integrated justice projects.

The Authority also initiated a statewide assessment of the Illinois criminal justice system’s current information sharing environment and partnered with national organizations working in the integrated justice space to secure technical assistance for Illinois agencies engaged in data exchange projects.

Information systems

The Authority's Information Systems Unit (ISU) is charged with designing, developing, and operating advanced technology that can be used to help Illinois public safety agencies collect and share information. Affordable information systems were created by the unit to strengthen communication between agencies and help these agencies coordinate their efforts to reduce crime.

ICJIA website

ICJIA's website, www.icjia.state.il.us, is a frequent destination of criminal justice professionals, educators, and members of the public. In addition to providing easy access to the latest criminal justice information, the site opens the door to the Authority's three major areas of operation: research, information systems, and federal and state grants.

The number of unique visitors to the Authority's website in FY13 was 261,275 with an average of 21,733 users per month. Downloaded publications totaled 2,267,108.

By the end of FY13, 3,420 users had subscribed to CJ Dispatch, a 9.5 percent increase over FY12. The Authority's CJ Dispatch automatically notifies registered users via e-mail to the latest ICJIA grant opportunities, research, and other news.

Clandestine Lab Reporting Information System

Staff continued to oversee the Clandestine Lab Reporting Information System (CLARIS), a database that helps eliminate gaps in the drug information network that records the growing methamphetamine problem in the United States.

CLARIS is a web-based data collection system for reporting and analysis of methamphetamine lab seizure data used mainly by law enforcement agencies in Illinois. With CLARIS, remote users access the program and centralized database at the Authority using a web browser.

CLARIS is used by the Illinois Meth Response Teams and other drug enforcement groups who perform methamphetamine lab seizures. Data collected is submitted to Illinois State Police for analysis. Agencies also use CLARIS to file the required EPIC report, and to perform local monthly and annual statistical tabulations.

The Clandestine Lab Reporting Information System is used by the Illinois Meth Response Teams and other drug enforcement groups who perform methamphetamine lab seizures.

In FY13, 235 monthly data reports and 828 lab seizures were entered into CLARIS. This data is useful in determining, among other criteria, the types, numbers, and locations of laboratories seized, manufacturing trends, precursor and chemical sources, the number of children and law enforcement officers affected, and investigative leads. The data also helps agencies to justify and allocate current and future resources.

The Authority created CLARIS with a \$50,000 grant from the Bureau of Justice Statistics Office of Justice Programs. When combined with Illinois State Police and federal El Paso Intelligence Center (EPIC) data, this comprehensive information-sharing network helps stem the proliferation and sale of methamphetamine by more accurately pinpointing the sources of its production.

Enhanced Grants Management System

The Pennsylvania Commission on Crime & Delinquency originally created the web-based system, Egrants, with \$4.5 million in federal funding to meet the needs of the state of Pennsylvania. The Authority received that product and source code at no charge. The system was tailored to fit the Authority's fund planning and grant administration needs.

The system eliminates redundancies, ensures enforcement of business rules, and generates more accurate grant reports. The system will eventually allow users outside the agency to submit grant concepts, applications, reports, and other grant-related information online. With continued development, eGMIS will allow the Authority to eventually achieve

its goal of conducting all grant-related business in an electronic paperless environment.

Staff continued development of the system to improve quality and functionality. In FY13, staff began work to modify eGMIS to allow users outside the agency to submit grant concepts, applications, reports, and other grant-related information online.

InfoNet data collection

InfoNet is an Internet-based, statewide victim data collection and reporting system, nationally recognized for utilizing the Internet for enhancing data collection and reporting efforts for victim service providers while creating a unique set of victim service data.

Data are transmitted between users and the Authority over the Internet. Service providers use InfoNet to collect case-level information about the clients they serve. All recorded victim data, including demographic characteristics, are kept confidential using a unique numerical identifier for each victim. A description of the person's victimization is captured, as well as the offender's profile and interactions with the criminal justice system. Agencies also enter services provided by staff, including client services, hotline contacts, and outreach efforts.

The Authority partnered with Illinois' Coalitions Against Sexual Assault and Domestic Violence to develop and implement the system for sexual assault and domestic violence centers in 1997. The Authority later worked with the Illinois Department of Human Services (IDHS) and the Child Advocacy Centers of Illinois to make the system available to IDHS-funded domestic violence programs and child advocacy centers.

To facilitate data mining and analysis, InfoNet has a comprehensive set of reporting tools. Programs utilize reports to analyze client populations, measure program effectiveness, and manage staff and client caseloads. InfoNet data are also shared with criminal justice agencies to advocate for improved responses to victims. In addition, state agencies responsible for coordinating crime victim services access timely and accurate information for policy and planning initiatives.

During FY13, 71 domestic violence programs, 33 sexual assault programs, and nine child advocacy centers accessed InfoNet from nearly 200 sites throughout Illinois.

Motor Vehicle Automated Reporting System

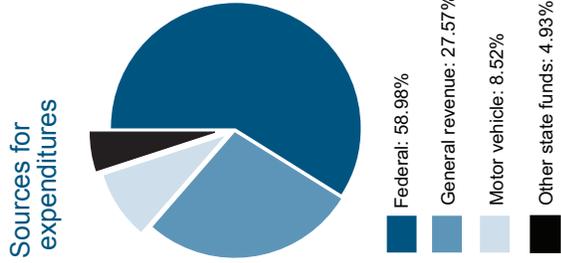

During the fiscal year, ISU staff continued testing of a data collection system that allows online motor vehicle theft reporting by state-funded anti-theft task forces throughout Illinois.

The Motor Vehicle Automated Reporting System will allow simpler and more accurate monthly reporting of vehicle recoveries, arrests, and investigations of stolen vehicles. The system will be used throughout the state by motor vehicle theft task forces supported with Motor Vehicle Theft Prevention Council funding. Statistics on auto theft are used to help determine annual task force funding needs.
